

SEEK 5

Driven by Dreams

Traum Seek 5

YOUR PREMIUM CROSSOVER

Traum Seek 5 is good in making a great first impression. This crossover draws attention with wedge-shaped LED headlamps, an aluminum grille, wide wheel arches and stylish sidewalls. Also, you can't help but notice the pseudo metallic heskie lining bumpers and alloy wheels with a unique design that gives the model a solid appearance.

The passenger space features three seat rows for a total of 7 passengers. The fascia is trimmed with luxurious leather, the instrument panel is fully digital with 12.3 inch hi-definition liquid crystal, and the infotainment system of 10.25 inch touch suspension screen that can recognize user gestures. Other equipment includes LED headlights and tail lights, power trunk lid and heated front seats, a panorama glass roof and so on.

Just like Traum S70, the Traum Seek 5 is equipped with a 1.5liter turbo engine with 139 hp / 103 kW at its disposal. A regular version of 1.8-liter atmospheric engine is also available. Both of these versions will support manual and automatic transmission. The new Traum Seek 5 will delight you with climate control, a button-start engine, emergency braking, electronic parking brakes, all-round cameras, 18-inch alloy wheels and a voice activated multimedia center.

There are so many kinds of crossover, SUVs and the likes, however which one is the kind that can caught the attention of young people? The one that is designed to be fashionable, to be technically blasted, but also full of power! Traum Seek 5 is very suitable for young people's tastes in terms of appearance, style, power and configuration.

EXTERIOR BEAUTY

CAPTIVATING ELEGANT DESIGN

Traum Seek 5 are created for young people and car enthusiasts who are more focused on stylish looks and advanced car equipment, its design is extremely creative, and you can surely feel the luxury everytime you ride on it. The crossover has the following dimensions:

BODY PARAMETERS

LENGTH (mm)	WIDTH (mm)	HEIGHT (mm)
4771	1859	1735

The size of the wheelbase reaches 2800mm.

STUNNING APPEARANCE

The exterior design of the body of the crossover Traum Seek 5 is modern and stylish. The front part of the car body pleases rigor and harmony. There is a large radiator grille with 5 horizontal crossbars, a solid bumper with fog lights and decor, as well as modern fully LED headlights with 4 large LEDs (2 segments each for low and high beams), daytime running lights on top and dynamic direction indicators from below.

On the side of the body, Traum Seek 5 7-seater

Stunning front

Stylish side

Gorgeous back

crossover demonstrates a powerful, knockedout steel body, complemented by large side doors with a roofline rising to the rear of the window sill, a roofline falling to the back of the body, modern circular wheel arches and bright details in the form of pseudo ventilation grilles on the front wings ribs, prescribing the sidewalls of the body.

The SUV feed was awarded by designers with a luggage compartment door with complex relief, sweeping LED tail lights and a compact bumper. Despite the fact that Traum Seek 5 is a front wheel drive car, the lower parts of the body are carefully covered with plastic lining. The SUV will not leave the roads with hard surface, but it should be in trend and look like a solid crossover.

DURABLE WHEELS

Depending on the level of configuration, 17-18 inch light alloy wheels with tires 225/60 R17 or 225/55

R18 are offered for the crossover. Sure, these 18 inch alloy wheels look great, but what many don't realize is that they also augment performance. Their tall profile allows for a shorter tire sidewall, which helps minimize side-to-side flex when cornering.

Starry sky panoramic sunroof

PERFORMANCE & POWER

REFINED ENGINE PERFORMANCE

A vehicle designed for a superior driving experience makes for better exploration of the roads ahead with enhanced handling capabilities. Traum Seek 5 provides you with a superb combination of impressive performance, agile and responsive handling and a smooth quiet ride. The result is a crossover that lets you enjoy the drive while staying in command. The Seek 5 is engineered for outstanding performance both units (1.5L and 1.8L) will work in conjunction with a 6-speed manual or with a classic automatic transmission.

UNDER THE HOOD

The basic powerplant for the Traum is a 1.8-liter aspirated powerplant that can generate 139 horsepower. It is combined with a mechanical pyatistupka. An alternative is the 1.5-liter turbo engine, which develops 150 horsepower.

Whether you go with the standard 1.5-liter engine, or the available 1.8-liter engine, you will still enjoy smooth performance and optimized fuel efficiency. Driving the Seek 5 will give you more responsive acceleration, reduced emissions, and enhanced fuel economy.

1.5 L Turbo charged engine
Max Power: 110kW/5600rpm
Max Torque: 230Nm/1800-4000rpm

Strong uphill power

PERFORMANCE	Emission	Euro V		
	Max Power kW/rpm	102/6000	110/5600	116/5600
	Max Torque Nm/rpm	187/3600/4200	230/1800/4000	215/2000/4000
	Fuel consumption (L)	58		

6-Speed M & AT Transmission
Hi-Performance Power

Central Command control Knob

PRECISE HANDLING

The front suspension of the crossover is based on McPherson levers, the rear one is a semi-dependent beam. The braking system of both axles is disc and the front ones have the possibility of ventilation which provides you with crisp handling, outstanding responsiveness, and a smooth ride.

BUILD FOR A QUIET RIDE

The Traum Seek 5 is engineered to reward you with a quiet ride. Sleek aerodynamics reduce wind noise, while sound-absorbing insulation further helps to reduce, block, and absorb unwanted sound.

Suspension Combination:
Front: MacPherson Strut + Rear: Torsion Beam

Smooth navigation

Steady handling
